Well, if you're me, you call her 'backdoor bitch'. I can't even remember the last time I went to the club with her and didn't end up getting off on the pool table with her. Honestly, how could you not? In my job, it's a daily requirement, and I get to fuck her almost every night. It's my turn to do her, and I've been saving her up for a few weeks now. I don't know why I have to do her when I can't even stand the sight of her. But I guess I get off on being a regular customer. Especially when she's such a natural slut that I can tell she's always been into all the nasty stuff I do to her. She's never complained though. I guess she's gotten used to it. I just hope she doesn't start complaining now that I'm going to make her take it like a man. See, tonight she's got a special surprise for me, and I'm going to make her wear a cock on her forehead like some kind of religious icon. I've got her on her knees as I slowly slide my cock up and down the back of her throat. She's gonna be just fine. She's gonna love the fact that I'm gonna force her to take my cock up her ass like a bitch. See how she likes that cock, bitch! File size: 458.3 MB Threesome Year:2013Gen 82157476af
